

Meeting Minutes - Sprint Review

Meeting 1 & 2:

To notes

- Main features are completed, add features and brush up existing features

Backend team:

What was done in the last sprint?

- Complete site functionality
- Re-evaluated and adjusted backend functionality on some pages (notably the login page)

What will be worked on for the next meeting?

- Making final merges from branches to the main branch
- Testing and debugging the final product

What are the hurdles?

- Clearing any potential conflicts during merge
- Avoid scope creep with features during the remaining time

Frontend team:

What was done in the last sprint?

- UI improvements to cohesiveness across the webapp
- Navigation bar functionality achieved

What will be worked on for the next meeting?

- Making final merges from branches to the main branch
- Testing and debugging the final product

What are the hurdles?

- Clearing any potential conflicts during merge
- Avoid scope creep with features during the remaining time

Meeting 3 & 4:

To note:

- Last sessions before final demo date

Backend team:

What was done since the last meeting?

- Team members' branches were merged into the main branch and cleaned

What will be worked on for the next meeting?

- Next "meeting" will be demo date, will be presenting final project to TA
- Final round of testing beforehand

Frontend team:

What was done since the last meeting?

- Team members' branches were merged into the main branch and cleaned

What will be worked on for the next meeting?

- Next "meeting" will be demo date, will be presenting final project to TA
- Final round of testing beforehand
